bccc@bwcob.org

Summer Registration

Summer registration is currently underway. You can get registration forms off of the door to room 25 or you can pull them off of our web page, www.bwcob.org/bccc. Some of the forms currently on the page can be completed on-line, saved and then e-mailed to me. We're hoping to have them ALL on the site within the next few weeks. We already have 13 registered for the summer, which is high for this time of the year. Nine of the registered children are not currently in the program. We do have a maximum number that we can take so if you anticipate having your child/children come this summer, please get your registration forms in.

Additionally, we would like to have as many outside people come in to do activities with the children as possible. Last year we had a cooking activity, a yoga instructor and two people in the music field. The children really enjoy learning through others and it gives them an opportunity to do something new and different. If you know of someone who can do something with wood, music, cooking, science experiments, anything, and would be willing to come in even for 30 minutes, please see me so I can get the ball rolling on it!

Lemonade Stand

The Bridgewater Yard Sale is Saturday, June 4.

Angela Sandridge is once again offering to assist us in what is becoming our annual fundraiser. If you, and your child, or just your child, would like to assist in this project, please contact Angela at

kimnang2001@yahoo.com for the information. Also, if anyone would like to contribute lemons, sugar, 5 oz. Dixie cups or baked goods we would really appreciate it.

Reminders

Full days are an additional \$15.00 per day per child. If you have not yet paid the additional fee for Monday, April 25, please get it into us by close of business Friday, May 6.

May Birthdays

Olivia Hartman—11

Phone Information

Our cell phone is older than the hills—it's a flip phone. It does keep the cost down but there are some things it does not do, at least without an extra charge. If you need to get in touch with us and do not have the time to call, please send us an e-mail. We're charged an additional \$2.00 per text message. If you need to get in touch with us during the day, feel free to call us. The number is 810-7821. We have gotten some calls on the church line and they leave at 5:00 so please make sure you have our number as a contact number in your

Fall Registration

If anyone is interested in registering for fall, information is available as I have already had quite a few upcoming kindergarteners registered. Those registration forms are on the door to my office.
